

AGRA SOL Manganese

Chelated Micronutrients

AGRA SOLS are concentrated minor element chelates for plant nutrition. AGRA SOLS are designed for foliar or ground application. AGRA SOLS are compatible with non-phosphorous liquid fertilizers. AGRA SOLS may be added to dry, granular fertilizer formulations.

Rates of Application

Citrus and Tree Crops

Apply annual maintenance rate of 4 pounds of AGRA SOL MANGANESE per acre post-bloom or dormant. Up to 6 pounds per acre may be applied as needed for severe deficiencies.

Row Crops and Vegetables

Apply 1/4 - 1/2 pound per acre as needed for maintenance. For soil application, apply 4 - 8 pounds per acre.

Ornamentals

Apply 1 - 2 pounds per 100 gallons of water.

ULV and Aerial Application

The above rates are acceptable for use in 5 - 15 gallons of water per acre.

Optimum rates of application will vary between crops and fields depending on soil type. For best results, follow soil test or plant analysis recommendations.

Mixing Instructions

Fill mix tank to one half with water. Next add AGRA SOL MANGANESE and allow to dissolve totally before adding other materials. Premixing AGRA SOLS before adding spray to rigs is recommended where agitation is poor. Add desired amounts to partially filled spray tank with agitation. Keep agitated during spray operations. Always check compatibilities of materials in a jar prior to application.

CAUTION: KEEP OUT OF REACH OF CHILDREN

MAY BE HARMFUL IF SWALLOWED

In case of contact with eyes, flush with water. Contact physician if irritation persists. Dispose of container in accordance with local, state and federal regulations.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
