

SAFETY DATA SHEET

DREXEL DIURON 80 HERBICIDE

Section 1: Material Identification

Product Name: Drexel Diuron 80 Herbicide

EPA Reg No.: 19713-274

CAS NO: 330-54-1

Formula: C₉H₁₀Cl₂N₂O

Company: Drexel Chemical Company
1700 Channel Avenue
Memphis, TN 38106

Identifiers:

EINECS: 206-354-4

RTECS: YS8925000

DOT label: See Section 14

Emergency Telephone Number:

CHEMTREC	Drexel Chemical Co.
Tel: 1-800-424-9300	901-774-4370

This product is an EPA FIFRA registered pesticide. Some of the classifications on this SDS are not the same as the FIFRA label. Certain sections of this SDS are superseded by federal law governed by EPA for a registered pesticide. Please see **Section 15. REGULATORY INFORMATION** for explanation.

Section 2: Hazard Identification
(As defined by the OSHA Hazard Communication Standard, 29)

GHS Classification	Acute inhalation	Category 4
	Eye irritation	Category 2B
	Specific target organ toxicity (repeated exposure)	Category 2
	Aquatic acute toxicity	Category 1
	Aquatic chronic toxicity	Category 1
GHS label elements		
Signal Word	Warning	

Hazard statements

Harmful if inhaled
 Causes eye irritation
 May cause damage to organs (blood, urinary system, bladder) through prolonged or repeated exposure
 Very toxic to aquatic life.
 Very toxic to aquatic life with long lasting effects.

Precautionary statements

Prevention

Avoid breathing dust. Use only outdoors or in a well-ventilated area.
 Wear eye protection/face protection (see Section 8).
 Do not breathe dust/fume/gas/mist/vapors/spray.
 Avoid release to the environment. Prevent from entering into ditches, sewers, waterways and/or groundwater.
 See Section 12, Ecological Information.

Response

If inhaled: Remove person to fresh air and keep comfortable for breathing. Call Poison Control Center or Doctor if you feel unwell.
If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes for at least 15 minutes. Obtain medical attention without delay, preferably from an ophthalmologist.
 Get medical attention/advice **if you feel unwell.**
 Collect spillage.

Storage

Store in a cool, dry, well ventilated and secure area designated specifically for pesticides and away from heat sources. Keep in original containers and keep containers closed when not in use. Do not store in excessive heat. Do not store near children, food, foodstuffs, drugs or potable water supplies.

Disposal

Dispose of contents/container in accordance with your local or area regulatory authorities.

Section 3: Composition Information

<u>Components</u>	<u>% By Wt.</u>	<u>OSHA PEL:</u>	<u>ACGIH TLV:</u>
Active Ingredient:			
Diuron	80.0%	N/Av	10 mg/m ³
Inert Ingredients:	20.0%	N/A	N/A

Chemical Co. See Section 13, Disposal Considerations, for additional information.

Personal Precautions:

- Isolate area. Keep unnecessary and unprotected personnel from entering the area. Refer to Section 7, Handling, for additional precautionary measures. Ventilate area of leak or spill. Use appropriate safety equipment. For additional information, refer to Section 8, Exposure Controls and Personal Protection.

Environmental Precautions: Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information.

Section 7: Handling and Storage

KEEP OUT OF REACH OF CHILDREN

Handling: **General Handling:** Avoid contact with eyes, skin, and clothing. When using do not eat, drink or smoke. Wash thoroughly with soap and water after handling. Do not swallow. Avoid breathing dust. Use with adequate ventilation. Wear long-sleeved shirt, long pants, shoes and socks when handling. Keep away from heat, sparks and flame. See Section 8, Exposure Controls and Personal Protection.

Storage: Store in a cool, dry, well ventilated and secure area designated specifically for pesticides and away from heat sources. Keep in original containers and keep containers closed when not in use. Do not store in excessive heat. Do not store near children, food, foodstuffs, drugs or potable water supplies.

Section 8: Exposure Controls/ Personal Protection

Exposure Limits: TLV Diuron 10 mg/m³

Personal Protection:

Eye/Face Protection: Wear dust proof chemical splash goggles to prevent dust or mists from entering the eyes. If using a full face shield, always use safety glasses or goggles along with the face shield to ensure adequate protection of the eyes.

Skin Protection: Use protective clothing chemically resistant to this material. Selection of specific items such as face shield, boots, apron, or full body suit will depend on the task. Safety shower should be located in immediate work area. Remove contaminated clothing immediately, wash skin area with soap and water, and launder clothing before reuse or dispose of properly. Items which cannot be decontaminated, such as shoes, belts and watchbands, should be removed and disposed of properly.

Hand protection: Use gloves chemically resistant to this material. Examples of preferred glove barrier materials include: Neoprene, Nitrile/butadiene rubber (“nitrile” or “NBR”) or Polyvinyl chloride (“PVC” or “vinyl”).

Respiratory Protection: Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. When handling in enclosed areas, when large quantities of dusts or mists are generated or prolonged exposure is possible in excess of the TLV, use a respirator with either an organic vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C) or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G).

Ingestion: Avoid ingestion of even very small amounts; do not consume or store food or tobacco in the work area; wash hands and face thoroughly with soap and water before smoking or eating.

Engineering Controls:

Ventilation: When handling this product proper ventilation is required to maintain exposure below the TLV. Ventilate all transport vehicles prior to unloading. Facilities storing or utilizing this material should be equipped with and eyewash facility and safety shower.

Section 9: Physical and Chemical Properties

Physical State:	Solid granules
Color:	Light beige
Odor:	Slight odor
Flash Point:	N/A
Vapor Pressure (mmHg):	N/A
Boiling Point:	N/A
Vapor Density (air = 1):	N/A
Bulk Density (H₂O = 1):	38.83 Lb/ft ³
Freezing Point:	N/A
Solubility in water:	Dispersible
pH:	7.05 (5% emulsion at 20°C)
Viscosity:	NA

Section 10: Stability and Reactivity

Stability/Instability:	Stable at typical use temperatures and in closed containers.
Conditions to Avoid:	Avoid heat of open flame. Avoid high temperatures above 130°F (54.4°C).
Incompatible Materials:	Avoid contact with: Strong acids. Strong bases. Strong oxidizers.
Hazardous Polymerization:	Will not occur
Thermal Decomposition:	Decomposition products can include and are not limited to: Carbon oxides, nitrogen oxides, ammonia and halogenated compounds.

Section 11: Toxicological Information

Acute Toxicity

Ingestion:

- Oral LD50, (rat): >5,000 mg/kg

Dermal:

- Dermal LD50, (rat): >5,000 mg/kg

Inhalation:

- Inhalation LC50, 4.5 h, (rat): >2.5 mg/l

Eye Irritation (rabbit):

- Moderately irritating

Skin Irritation (rabbit):

- Non-irritating

Sensitization Skin:

- Non-sensitizer (guinea pig)

Chronic Toxicity: Animal tests at high dosage levels showed anemia, bladder effects and spleen effects.

Carcinogenicity: Likely human carcinogen (EPA 10/2/14). None of the components of Diuron 80DF are listed by IARC, NTP or OSHA as carcinogenic.

Teratogenicity, mutagenicity, and other reproductive effects: Animal testing did not show any effects on fertility, showed effects on embryo-fetal development at levels equal to or above those causing maternal toxicity. Not mutagenic.

Section 12: Ecological Information

The information presented here is for the active ingredient, Diuron.

This product is slightly toxic to birds, aquatic invertebrates and bees.

Persistence and Degradability:

- Moderately to high persistence in soil. Stable in water. Mobile in soil. Will leach.

Aquatic Toxicity:

- Rainbow Trout 96 hour LC50: (1.95 ppm)
- Bluegill 96 hour LC50: (2.8 ppm)
- Daphnia magna 48 hour EC50: (1.4 ppm)
- Algae 72h EC50 0.018 mg/L

Arthropod Toxicity:

- Bees acute LD50: >145 µg/bee

Bird Toxicity:

- Bobwhite Quail LD50 1,104 mg/kg
- Mallard Duck LD50 >2000 mg/kg

Section 13: Disposal Considerations

If wastes and/or containers cannot be disposed of according to the product label directions, disposal of this material must be in accordance with your local or area regulatory authorities. This information presented below only applies to the material as supplied. The identification based on characteristic(s) or listing may not apply if the material has been used or otherwise contaminated. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations. If the material as supplied becomes a waste, follow all applicable regional, national and local laws.

Section 14: Transport Information

DOT Classification: UN 3077, Environmentally Hazardous Substance, Solid, N.O.S. (Diuron), 9, PGIII

IMDG: UN 3077, Environmentally hazardous substance, Solid, N.O.S. (Diuron), 9, III, Marine pollutant.

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material

Section 15: Regulatory Information

OSHA Hazard Communication Standard:

- This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
- **EPA FIFRA INFORMATION**
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemical. The hazard information required on the pesticide label is listed out below. The pesticide label also includes other important information, including directions for use.
- **EPA/CERCLA Reportable Quantity:** Diuron RQ 125 Lbs.

SARA/TITLE III:

- **Sec 302: Extremely Hazardous Substance Notification:** Not applicable.
- **Sec. 311/312. Hazard Categories:** Acute health hazard, chronic health hazard.
- **Section 313 Toxic Chemical(s):** Diuron (80.0%) (CAS No. 330-54-1)
- **RCA Waste Code:** Not applicable

California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986):

- Listed.

Toxic Substances Control Act (TSCA):

- All components of this product are on the TSCA Inventory or are exempt from TSCA Inventory requirements under 40 CFR 720.30

Section 16: Other Information

Drexel Chemical Company recommends that each customer or recipient of this SDS to study it carefully and consult appropriate expertise, as necessary or appropriate, to become aware of and understand the data contained in this SDS and any hazards associated with the product. The information herein is provided in good faith and believed to be accurate as of the effective date shown below. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ between various locations. It is the buyer's/user's responsibility to ensure that his activities comply with all federal, state, provincial or local laws. The information presented here pertains only to the product as shipped. Since conditions for use of the product are not under the control of the manufacturer, it is the buyer's/user's duty to determine the conditions necessary for the safe use of this product. Due to the proliferation of sources for information such as manufacturer-specific SDSs, we are not and cannot be responsible for SDSs obtained from any source other than ourselves. If you have obtained an SDS from another source or if you are not sure that the SDS you have is current, please contact us for the most current version.

Date Issued: May 1, 2015
