# Brandt<sup>®</sup> Midnight Blue SS

Treats 1 acre of water 4-6 feet deep

Biodegradable

Non-Toxic

## General Information

The use of BRANDT MIDNIGHT BLUE SS adds a natural beauty to ponds, lakes, fountains and lagoons, coloring them a natural, beautiful blue/black deep water hue. When used as directed, this product will not stain or harm fish or wildlife.

BRANDT MIDNIGHT BLUE SS is a *Bird Blocker* formulation designed to darken water sufficiently to protect against fish poaching in aquacultural environments.

When treating ponds, allow this product to fully disperse before fishing, swimming or irrigating.

## Directions for Use

Apply at the rate of 1 quart per 1 surface acre of water 4-6 feet deep. If a deeper color is desired, use additional product.

After measuring the pond or lake, and calculating the amount needed, add approximately half that dosage to several parts of the lake or pond, to ensure even dispersion. After half of the dosage is incorporated, add the balance of the colorant until the desired color is achieved.

## Precautionary Statements

Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wear rubber gloves to protect hands from staining and eye protection when handling this product. Wash hands after handling.

## Storage and Disposal

Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Dispose of contents/container in accordance with local authority requirements.
