TECHNOLOGY

Foliar Micronutrient Supplement

Misstof Groep 2 / Fertilizer Group 2
Reg. nr B 4294 Act / Wet 36/1947

Nitrogen (N)	50 g/kg
Boron (B)	33 g/kg
Molybdenum (Mo)	5 g/kg

General Information

MANNI-PLEX B MOLY is designed for application to all field, row, vegetable, fruit, tree and vine crops, and turf and ornamentals for the prevention of boron and molybdenum deficiencies when used as part of a balanced fertility program.

Rate Recommendations

Apply 1,5 -2 litre per ha by ground or air. Multiple applications are recommended for best results.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general crop health and crop species. For best results, follow soil test or plant analysis recommendation.

WARNING: MANNI-PLEX B MOLY is recommended for all crops where boron may be deficient; however overapplication may result in serious injury to susceptible crops. The application of fertilizer materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Mixing and Handling Instructions

Apply in a minimum of 100 litre of water per ha with ground spray equipment and a minimum of 20 litre for aerial application. MANNI-PLEX B MOLY may also be applied via drip or sprinkler fertigation.

Put 1/3 to 2/3 of total required water volume in tank. Add adjuvants, fertilizers, and pesticides if desired and agitate until thoroughly mixed. Add recommended amount of MANNI-PLEX B MOLY and agitate until thoroughly mixed. Fill tank with remainder of water.

Caution: Check chemical mixture compatibility using a jar test prior to application. Be cautious when mixing MANNI-PLEX B MOLY with phosphate solutions.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
