

Brandt™ Starter

N.P.K.: 8.31.4

Guaranteed Analysis

8-31-4

Total Nitrogen (N)	8.0%
8.0% Ammoniacal nitrogen	
Available Phosphate (P ₂ O ₅)	31.0%
Soluble Potash (K ₂ O)	4.0%

Derived from ammonium polyphosphate and potassium polyphosphate.

General Information

BRANDT STARTER is a concentrated liquid plant food formulated to promote early growth and healthy root systems. This product is recommended for use as a supplement to a well balanced fertilizer program and is not meant to be a substitute for good cultural practices.

Rate Recommendations

Field, Row and Vegetable Crops: Use 3-4 quarts per acre in planting or transplant water applied with seeder, plug mix or transplant machine.

Fruit, Tree and Vine Crops: Mix 2-3 quarts in 100 gallons of water. Use 1 gallon of solution to each tree at time of planting. For larger trees and shrubs, use 1 gallon of solution for each inch of trunk diameter.

Ornamentals: Mix 1-2 quarts in 100 gallons of water and apply as a drench for seedlings and transplants.

Foliar Application: Use 2-4 quarts per 100 gallons of water. Cover foliage thoroughly to point of runoff.

Turf: Greens and Tees - Newly seeded or grow-in — Use 1 quart per 10,000 sq.ft. in at least 10 gallons of water and repeat as needed. *To deliver 1/2 lb of phosphorus per 1,000 sq.ft.* — Mix 1 pint in sufficient volume of water and repeat as needed to enhance rooting. **Hydroseeding** — Mix at above rates with seed slurry mixture for ease of application.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general crop health and crop species. For best results, follow soil test or plant analysis recommendation.

Mixing and Handling Instructions

Put 1/3 to 2/3 of total required water volume in tank. Add adjuvants, fertilizers, and pesticides if desired and agitate until thoroughly mixed. Add recommended amount of this product and agitate until thoroughly mixed. Fill tank with remainder of water.

Caution: Check chemical mixture compatibility using a jar test prior to application.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
