

BRANDT® ANTIXX® PLUS

Sustainable Snail, Slug and Insect Bait

BRANDT ANTIXX PLUS is a patented dual-active slug, snail and insect bait that attracts and kills common pests including ants, earwigs, cutworms, sowbugs, pillbugs, crickets, slugs, and snails.

BRANDT ANTIXX PLUS contains Spinosad, which is biologically derived from a naturally occurring soil organism; as well as iron phosphate. Both are OMRI Listed.

Spinosad has a unique mode of action that excites the insect nervous system, which leads to involuntary muscle contractions, tremors, and finally paralysis and death. Iron phosphate causes slugs and snails to cease feeding; and also causes changes in the slug and snail hepatopancreas.

BRANDT ANTIXX PLUS Advantages

- Has the efficacy of synthetic products and the benefits of sustainable control
- Plant damage will stop immediately and the pest will die in 3-6 days
- 4 hour REI
- Weatherproof pellets resist rain and UV degradation
- Remains effective for up to four weeks

ANTIXX is a registered trademark of W. Neudorff GmbH KG.

BRANDT ANTIXX PLUS is not yet registered for sale in all U.S. states. For information regarding product registration in your area, please contact Brandt Consolidated, Inc.
