

Proven Foliar™

# ZINC CHELATE 5%

**GUARANTEED ANALYSIS**

**BY WEIGHT**

Total Zinc (Zn)  
5.0% Chelated Zinc (Zn)

5.0%

Derived from Zinc Glucoheptonate.

F 1194

**DIRECTIONS FOR USE and FOLIAR APPLICATION RATES**

**Grigg Bros.** non-ionic, organic surfactant, **INTAKE**, is recommended for all foliar applications to decrease drop size and enhance wetting of entire surface.

For best results apply as a foliar spray early in the morning or late evening.

Allow to dry 3-6 hours. Do not apply during hot, dry weather or periods of drought.

**GRIGG BROS.** Chelates are especially designed to mix with phosphate fertilizers. With severe deficiency use the highest rate of application.

**TURF GRASSES:** Apply 1-3 oz. 1,000 square feet. For severe deficiencies apply 3-6 oz. per 1000 sq. ft. Repeat as needed.

Foliar fertilizer is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrient normally required by crops or other intended plants.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

**"This product should be used as part of a complete fertilizer program."**

- Keep out of direct sunlight during storage for extended periods
- Store at room temperature above 50 degrees F.

**CAUTION: KEEP OUT OF REACH OF CHILDREN!**

Rev. 04/2012 USA
